

Crochet Sunflower Pillow Step by Step Tutorial

Finished Size

Approx. 40 cm x 40 cm
(15.7 in x 15.7 in)

Materials

- Worsted weight yarn (100% cotton or acrylic)

- 3.5 mm or 4.0 mm crochet hook (US size E/4 or G/6)
- Fiberfill stuffing
- 2 safety eyes (12-14 mm)
- Yarn needle and scissors

Stitches Used (US Terms)

- ch = chain
- sl st = slip stitch
- + sc = single crochet
- T hdc = half double crochet
- T dc = double crochet
- tr = treble crochet
- ∨ inc = 2 sc in the same stitch
- Λ dec = single crochet decrease
- (...) = repeat instructions
- [] = total stitches in the round/row

1 Face – Make 1 (cream)

- Start with a magic ring.
R1: 6 sc in ring [6]
R2: inc in each stitch [12]
R3: (sc, inc) x 6 [18]
R4: (2 sc, inc) x 6 [24]
R5: (3 sc, inc) x 6 [30]
R6: (4 sc, inc) x 6 [36]
R7: (5 sc, inc) x 6 [42]
R8-R14: sc in each stitch [42]
Finish with sl st, fasten off.

2 Cheeks – Make 2 (pink)

- R1: 6 sc in magic ring [6]
R2: inc in each stitch [12]
R3: (sc, inc) x 6 [18]
Finish with sl st, fasten off.
Sew on the face.

3 Eyes and Smile

Attach safety eyes between rounds 7-8, about 8 stitches apart. Embroider the smile with black yarn using backstitch or surface slip stitch. Sew the pink cheeks below.

4 Small Petals – Make 8 (yellow)

- Ch 7. Start in 2nd ch from hook:
1 sc, 1 hdc, 3 dc, 1 hdc, 1 sc.
Turn and work on the other side of the chain:
1 sc, 1 hdc, 3 dc, 1 hdc, 1 sc.
Sl st in base. Fasten off, leaving a long tail for sewing.

5 Medium Petals – Make 8 (orange)

- Ch 8. Start in 2nd ch from hook:
1 sc, 1 hdc, 4 dc, 1 hdc, 1 sc.
Turn and work on the other side:
1 sc, 1 hdc, 4 dc, 1 hdc, 1 sc.
Sl st in base. Fasten off, leaving a long tail.

6 Large Petals – Make 8 (red)

- Ch 9. Start in 2nd ch from hook:
1 sc, 1 hdc, 5 dc, 1 hdc, 1 sc.
Turn and work on the other side:
1 sc, 1 hdc, 5 dc, 1 hdc, 1 sc.
Sl st in base. Fasten off, leaving a long tail.

7 Arrange and Sew the Petals

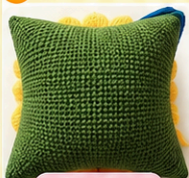

Sew the large, medium and small petals around the face, alternating colors:
Large (red) → Medium (orange) → Small (yellow).
Repeat until you have 24 petals.
Sew the petals slightly overlapping.

8 Green Corners – Make 4 (green)

- R1: 6 sc in magic ring [6]
R2: (sc, inc) x 3 [9]
R3: (2 sc, inc) x 3 [12]
R4: (3 sc, inc) x 3 [15]
R5: (4 sc, inc) x 3 [18]
R6: (5 sc, inc) x 3 [21]
R7-R15: sc in each stitch [21]
Fasten off, make 4 pieces.

9 Assemble the Pillow

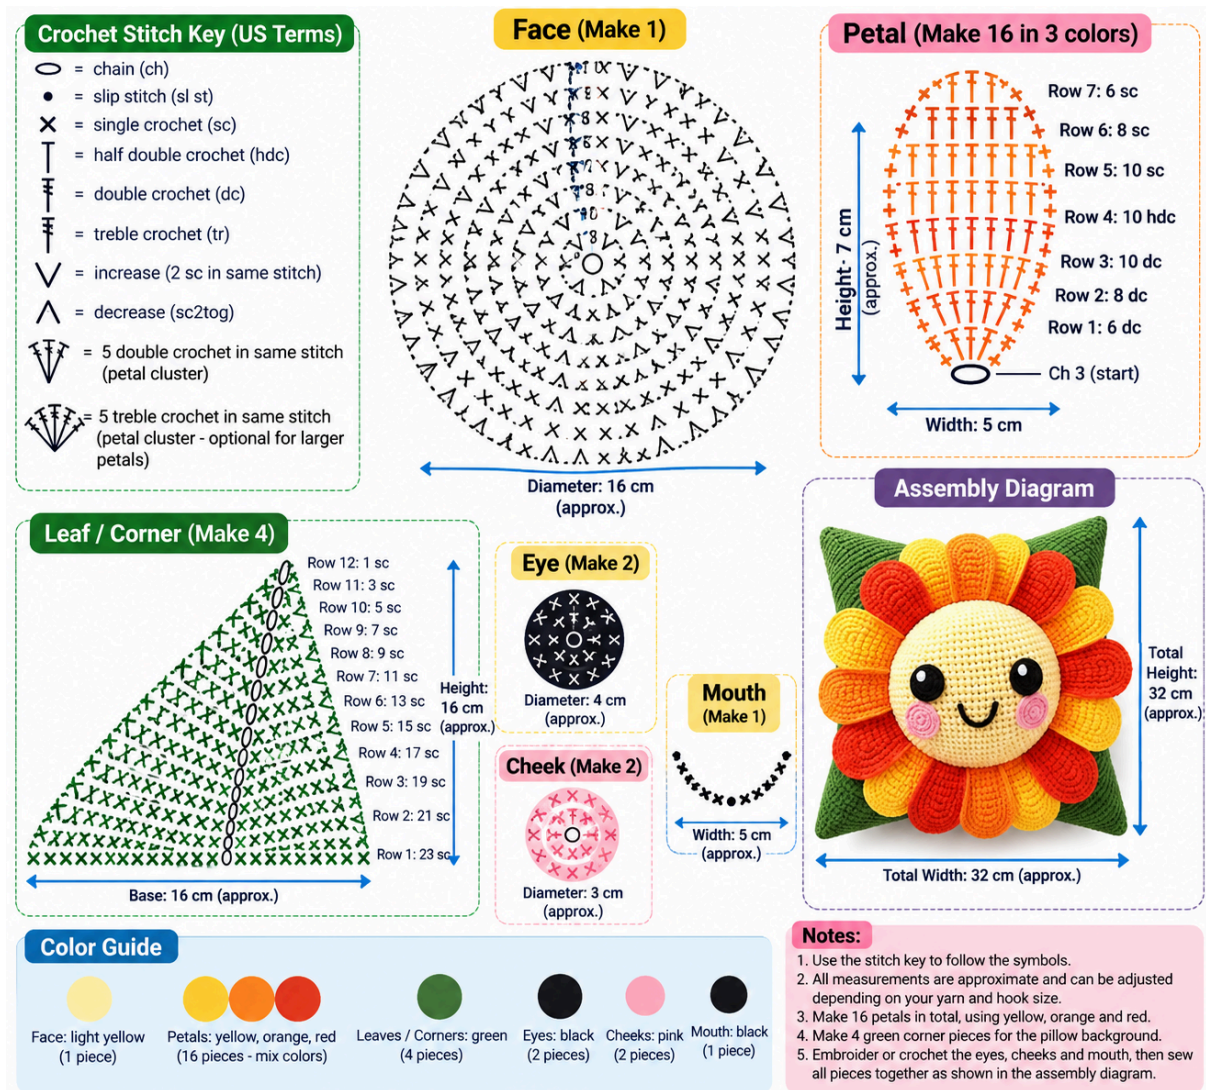

Place one green corner behind each quadrant of the flower. Sew the corners to the back of the flower, connecting them neatly. Make a plain back cushion (40 cm x 40 cm) or join with a second panel. Stuff firmly with fiberfill and close securely.

Back View

10 Finishing

- ✓ Weave in all yarn ends.
- ✓ Ensure petals are well secured.
- ✓ Embroider or adjust the facial details.
- ✓ Stuff evenly for a firm pillow shape.

Crochet Sunflower Pillow – Complete Step-by-Step Tutorial 🌻

A Crochet Sunflower Pillow is a cheerful handmade decoration that brings warmth, color, and personality to any room. With its bright yellow, orange, and red petals, adorable smiling face, rosy cheeks, and textured green corners, this project combines decorative crochet techniques with the charm of a handmade plush pillow.

This complete Crochet Sunflower Pillow Tutorial follows the illustrated pattern, using US crochet terminology and detailed

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

instructions for creating every component. You will learn how to crochet the round sunflower face, make three different sizes of petals, add the facial details, construct the green pillow corners, and assemble everything into a beautiful finished cushion.

The finished pillow measures approximately 40 cm × 40 cm (15.7 × 15.7 inches). The design features 24 colorful petals, a soft stuffed sunflower center, and four green corner sections that create the square pillow shape. It is a wonderful project for crocheters who enjoy making floral home decorations, handmade gifts, and colorful seasonal accessories.

Step 1: Gather Your Materials and Learn the Crochet Stitches

Before beginning your Crochet Sunflower Pillow, prepare all the yarn colors, tools, and accessories. Using similar yarn weights throughout the project will help maintain consistent stitches and balanced proportions.

Materials Needed

- **Worsted weight yarn (100% cotton or acrylic)**
- **Cream yarn for the sunflower face**
- **Yellow yarn for 8 small petals**
- **Orange yarn for 8 medium petals**
- **Red yarn for 8 large petals**
- **Pink yarn for the cheeks**
- **Green yarn for the four corners and pillow backing**
- **Small amount of black yarn for the embroidered smile**
- **3.5 mm or 4.0 mm crochet hook (US size E/4 or G/6)**
- **Polyester fiberfill stuffing**
- **Two black safety eyes, approximately 12–14 mm**
- **Yarn needle for sewing and embroidery**
- **Scissors**

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

- **Stitch markers**
- **Measuring tape**
- **Optional: removable pillow insert or additional stuffing for the cushion body**

Finished size: Approximately 40 × 40 cm.

Skill level: Intermediate, although beginners familiar with basic crochet stitches can follow the instructions with patience.

Crochet Abbreviations (US Terms)

Abbrevia tion	Meaning
ch	Chain
sl st	Slip stitch
sc	Single crochet
hdc	Half double crochet
dc	Double crochet
tr	Treble crochet
inc	Increase: 2 sc in the same stitch

dec **Decrease: single crochet 2 stitches together**

MR **Magic ring**

st / sts **Stitch / stitches**

R **Round**

FO **Fasten off**

() × 6 **Repeat the instructions 6 times**

[] **Total stitch count**

Important Crochet Techniques

Magic Ring: Make an adjustable loop with the yarn, crochet the specified stitches into the center, and pull the yarn tail to close the opening.

Single Crochet Increase: Work 2 single crochet stitches into the same stitch. This adds one stitch to the round.

Single Crochet Decrease: Insert your hook into the next stitch and pull up a loop. Repeat in the following stitch, then yarn over and pull through all three loops.

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

Slip Stitch: Insert the hook into the indicated stitch, yarn over, and pull the yarn through both the stitch and the loop on the hook.

Fastening Off: Cut the working yarn, leaving a suitable tail. Pull the tail through the final loop and tighten.

Working Around a Foundation Chain: Crochet along one side of the chain, work around its end, and continue along the opposite side to create an oval or leaf-shaped piece.

Before You Begin

Maintain a consistent tension throughout the project. The sunflower face should have closely spaced stitches so the fiberfill does not show through the fabric.

The petals should be slightly firm but flexible enough to overlap naturally when arranged around the center.

For the pillow backing, use stitches that create a sturdy fabric capable of supporting the cushion stuffing.

Important pattern note: The illustration provides the decorative pieces and their main stitch sequences, but does not specify a complete 40 cm backing pattern or the second half of the stuffed face. The additional shaping and assembly guidance below fills those gaps while preserving the illustrated design. Final dimensions may require adjustment based on yarn, gauge, and stuffing.

Step 2: Crochet the Sunflower Face (Make 1 in Cream)

The sunflower face is the central feature of this design. It is crocheted in continuous rounds using cream-colored yarn.

Creating the Round Face

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

Round 1: Make a magic ring and work 6 sc into the ring. Pull the yarn tail to close. [6]

Round 2: Work 2 sc in each stitch around. [12]

Round 3: Repeat (1 sc, inc) 6 times. [18]

Round 4: Repeat (2 sc, inc) 6 times. [24]

Round 5: Repeat (3 sc, inc) 6 times. [30]

Round 6: Repeat (4 sc, inc) 6 times. [36]

Round 7: Repeat (5 sc, inc) 6 times. [42]

Rounds 8–14: Work 1 sc in each stitch around. [42 stitches per round]

After completing Round 14, finish with a slip stitch and fasten off, leaving a long yarn tail for sewing.

The increases create a circular foundation, while the seven rounds of single crochet without increases begin to form a rounded, three-dimensional shape.

Shaping the Face

Place the crocheted face on a flat surface and gently shape it with your fingers.

The center should be smooth and rounded, without large gaps between the stitches.

For a fuller appearance, add a small amount of fiberfill before closing the face.

Because the illustrated pattern does not include a separate back for the face, you can make a matching circular back using Rounds 1–7. Sew the two pieces together around their edges,

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

adding fiberfill gradually. Alternatively, attach the shaped face directly to a tightly crocheted backing after stuffing it.

Avoid overstuffing, which can stretch the stitches and distort the sunflower's facial features.

Checking the Size

The illustrated face uses 42 stitches around its widest working circumference. Its actual diameter will depend on your yarn and crochet tension.

For a 40 cm pillow, the center and surrounding petals must be large enough to fill the visible front. If your face is too small, increase the circular base by adding evenly spaced increase rounds before beginning the straight rounds.

Any changes to the face size may also require changes to the petal lengths.

Step 3: Crochet the Pink Cheeks (Make 2)

The pink cheeks add a sweet expression to the sunflower.

Use pink worsted weight yarn and the same crochet hook used for the face.

Cheek Pattern

Round 1: Make a magic ring and crochet 6 sc into the center. [6]

Round 2: Work 2 sc in each stitch around. [12]

Round 3: Repeat (1 sc, inc) 6 times. [18]

Finish with a slip stitch and fasten off, leaving a long tail for attaching each cheek.

Make two identical circles.

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

Attaching the Cheeks

Position the cheeks symmetrically on the lower half of the sunflower face.

Leave enough space between them for the embroidered smile.

Use a yarn needle and the pink yarn tails to sew the cheeks securely onto the cream-colored face.

Work small stitches around the outer edge of each cheek, keeping the stitches as discreet as possible.

For a slightly raised effect, sew through the back loops or outermost stitches without pulling the circles completely flat.

Step 4: Add the Eyes and Embroider the Smile 😊

The facial details give the sunflower its friendly appearance.

Positioning the Eyes

Place the two black safety eyes between approximately Rounds 7 and 8 of the sunflower face, following the illustration.

Leave approximately 8 stitches between the eyes, adjusting the spacing as needed to create a balanced expression.

Before fastening the safety-eye washers, check that both eyes are positioned at the same height.

Attach the washers firmly to the back of the crocheted fabric.

Safety note: Safety eyes are not reliably childproof. If the pillow will be used by a baby or young child, embroider the eyes with black yarn instead. Keep the finished pillow out of infant sleep spaces.

Embroidering the Smile

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

Thread a yarn needle with black yarn.

Begin near the lower center of the face, between the two pink cheeks.

Create a gentle upward-curving smile using several small embroidery stitches.

You can use backstitch or surface slip stitch to form the curve.

Secure the yarn on the reverse side and hide the loose ends inside the face.

Finishing the Expression

Make sure the smile is centered and the cheeks sit evenly on both sides.

If desired, add small white embroidered highlights near the eyes to create a brighter expression.

Keep the facial details simple so they match the friendly style shown in the tutorial.

Step 5: Crochet the Small Yellow Petals (Make 8) 🌻

The first set of petals uses bright yellow yarn.

These petals form the smaller decorative layer around the sunflower center.

Small Petal Pattern

Foundation: Chain 7.

First side: Starting in the second chain from the hook, work:

1 sc, 1 hdc, 3 dc, 1 hdc, 1 sc.

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

Opposite side: Turn around the end of the chain and work along the other side:

1 sc, 1 hdc, 3 dc, 1 hdc, 1 sc.

Finish with a slip stitch at the base and fasten off, leaving a long tail for sewing.

Pattern clarification: The illustrated sequence contains seven stitches on each side, although a chain of 7 provides only six standard working positions when starting in the second chain. To fit the listed stitches, add a turning chain (ch 8 total) or work the extra stitch around the end of the foundation. Keep the same method for all eight petals.

Shaping the Petals

Gently flatten each petal and shape it into an elongated oval.

The double crochet stitches create the wider center, while the shorter stitches narrow the ends.

If necessary, use your fingers to stretch the petals slightly lengthwise.

Do not pull too hard, as this may create uneven edges.

Make eight yellow petals of approximately equal size.

Set them aside for assembly.

Step 6: Crochet the Medium Orange Petals (Make 8) 

The medium petals create the second layer of the sunflower.

Use orange yarn to provide a vibrant contrast between the yellow and red petals.

Medium Petal Pattern

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

Foundation: Chain 8.

First side: Starting in the second chain from the hook, work:

1 sc, 1 hdc, 4 dc, 1 hdc, 1 sc.

Opposite side: Work along the other side of the foundation chain:

1 sc, 1 hdc, 4 dc, 1 hdc, 1 sc.

Join with a slip stitch at the base.

Fasten off and leave a long yarn tail.

As with the small petals, the listed stitch sequence requires one more working position than the stated starting chain provides. For a straightforward version, use ch 9, or accommodate the extra stitch around the end of the chain.

Creating the Rounded Shape

The four double crochet stitches make the orange petals wider and slightly longer than the yellow petals.

After completing each petal, gently flatten it and shape the rounded outer edge.

The orange petals should have a soft teardrop appearance.

Make eight matching pieces.

For a more dimensional flower, you may lightly steam-block the petals, following the care instructions for your yarn. Do not press acrylic yarn directly with a hot iron.

Checking Petal Consistency

Lay all eight orange petals side by side.

Check that the lengths, widths, and overall shapes are similar.

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

If one petal appears significantly smaller, check the stitch count and tension before continuing.

Uniform petals make the finished sunflower easier to assemble.

Step 7: Crochet the Large Red Petals (Make 8) ❤️

The red petals form the largest decorative layer of the sunflower.

They add depth, fullness, and a striking contrast to the yellow and orange sections.

Large Petal Pattern

Foundation: Chain 9.

First side: Starting in the second chain from the hook, work:

1 sc, 1 hdc, 5 dc, 1 hdc, 1 sc.

Opposite side: Work around the foundation chain:

1 sc, 1 hdc, 5 dc, 1 hdc, 1 sc.

Finish with a slip stitch at the base.

Fasten off, leaving a long tail for sewing.

For the full listed stitch sequence, you may use ch 10 or accommodate the extra stitch at the end of the foundation chain, consistently across all eight pieces.

Shaping the Large Petals

The five double crochet stitches create a broader central section.

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

This gives the red petals a larger, more pronounced teardrop shape.

Flatten each piece gently and adjust the rounded tip.

The base should remain narrow enough to fit neatly beneath the sunflower face.

Repeat until you have eight red petals.

Count Your Finished Petals

At this stage, you should have:

Yellow small petals

8

Orange medium petals

8

Red large petals

8

Total sunflower petals

24

Step 8: Arrange and Sew the Sunflower Petals 🌻

Now you can begin transforming the individual pieces into a colorful sunflower.

Preparing the Arrangement

Place the crocheted sunflower face on a flat surface.

Arrange the 24 petals around the outside of the face.

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

Following the illustration, alternate the colors and sizes to create a layered effect.

Use the red petals for the larger outer sections, the orange petals for the middle layer, and the yellow petals for the smaller sections.

Allow the petals to overlap slightly so there are no large gaps between them.

Securing the Petals

Start by positioning the eight red petals evenly around the center.

Use stitch markers or removable clips to hold them temporarily.

Next, position the eight orange petals between the larger red sections.

Finally, arrange the eight yellow petals to fill the remaining spaces.

Check the overall shape before sewing.

Sewing the Petals in Place

Thread a yarn needle with a matching yarn tail.

Attach each petal by sewing its narrow base to the back or lower edge of the sunflower face.

Use several secure stitches for each petal.

Keep the visible edges free so the petals retain their layered appearance.

Continue until all 24 petals are attached.

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

Checking the Flower Shape

Lay the flower flat and examine it from different angles.

Adjust any petals that appear twisted or uneven.

The sunflower should have a full, rounded appearance with the cream face clearly visible in the center.

Once satisfied, weave in the loose yarn tails or secure them on the reverse side.

Step 9: Crochet the Four Green Corner Pieces

The green corners create the distinctive square shape behind the sunflower.

They resemble pointed leaves and provide a beautiful contrast to the warm flower colors.

Green Corner Pattern (Make 4)

Using green yarn, begin with a magic ring.

Round 1: Crochet 6 sc into the magic ring. [6]

Round 2: Repeat (1 sc, inc) 3 times. [9]

Round 3: Repeat (2 sc, inc) 3 times. [12]

Round 4: Repeat (3 sc, inc) 3 times. [15]

Round 5: Repeat (4 sc, inc) 3 times. [18]

Round 6: Repeat (5 sc, inc) 3 times. [21]

Rounds 7–15: Work 1 sc in each stitch around. [21 stitches per round]

Fasten off and leave a long tail for sewing.

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

Make four identical pieces.

Forming the Triangular Corners

The illustrated corner instructions produce a small tubular shape that can be flattened and shaped into a pointed corner.

After completing Round 15, flatten the piece with your fingers.

Position the narrow end toward the outer corner of the pillow.

Spread the wider end toward the center of the sunflower.

Use a few small stitches to hold the flattened shape if necessary.

Repeat with all four pieces.

Sizing note: These 21-stitch corner pieces are decorative elements and will not automatically create a 40 × 40 cm pillow. The illustration does not give enough construction details to make them the entire square backing. For a practical finished pillow, attach the four corners to a separate green square front panel, adjusting their size if needed.

Step 10: Crochet the Green Pillow Base and Backing

The pillow needs a sturdy foundation to support the sunflower decoration and hold its stuffing.

The illustration shows a plain green back and four decorative green corners on the front.

The following is an adaptable construction method for completing the square cushion.

Making the Front Panel

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

Using green yarn, make a foundation chain long enough to measure approximately 40 cm when worked at your chosen tension.

Row 1: Starting in the second chain from the hook, work 1 sc in each chain across.

Row 2: Ch 1, turn, and work 1 sc in each stitch across.

Remaining rows: Repeat Row 2 until the panel measures approximately 40 cm high.

Fasten off and weave in the yarn ends.

The exact number of chains and rows depends on your personal gauge.

Making the Back Panel

Repeat the same process to create a second green square measuring approximately 40 × 40 cm.

The back panel should be plain, as shown in the illustration.

Check that both panels are the same size before assembling the cushion.

If one panel is slightly smaller, add additional rows or a border of single crochet stitches.

Adding the Green Corners

Place the four green triangular pieces onto the corners of the front panel.

Position one piece at each corner, with the pointed ends facing outward.

Sew them securely to the green panel using a yarn needle.

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

The corners should frame the sunflower without covering the central face.

Step 11: Attach the Sunflower to the Pillow Front

With the front panel lying flat, place the completed sunflower in the center.

Arrange the petals so they spread evenly toward all four corners.

Make sure the face is positioned upright and the embroidered smile is clearly visible.

Use stitch markers to hold the flower in place while you work.

Sewing the Flower

Thread a yarn needle with green or matching yarn.

Begin by securing the back of the sunflower face to the center of the green panel.

Next, attach the bases of the petals to the panel.

You do not need to sew down the entire length of each petal. Leaving the outer sections free helps maintain the dimensional flower appearance.

However, secure the petals at several points if the pillow will receive frequent handling.

Checking the Front Design

Lift the front panel and inspect the sunflower.

Make sure the center is firmly attached and the petals are not hanging loosely.

Adjust the petal positions if necessary.

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

The flower should appear centered, with the four green corners visible around it.

Step 12: Assemble and Stuff the Pillow

Now that the front decoration is complete, it is time to join the two green panels.

Joining the Panels

Place the front and back panels together with their wrong sides facing each other.

Align all four corners and edges.

Using green yarn and a crochet hook, work single crochet stitches through both layers around the outer edge.

Alternatively, sew the panels together using a yarn needle and a whipstitch.

Join three sides completely, leaving an opening along the fourth side.

Adding the Stuffing

Insert polyester fiberfill through the opening.

Begin by filling the four corners.

Then distribute the stuffing evenly throughout the center.

Add enough fiberfill to create a soft but firm pillow shape.

Avoid overstuffing, which can stretch the crochet fabric and cause the edges to become distorted.

If you prefer a removable pillow insert, create a suitable envelope or zipper opening in the back panel instead of permanently closing all four sides.

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

Closing the Pillow

Once the stuffing is evenly distributed, align the remaining edges.

Continue the single crochet edging or sewing stitches until the opening is completely closed.

Fasten off securely.

Use a yarn needle to weave the remaining tail through the inside of the pillow.

Gently shape the cushion with your hands.

Step 13: Finishing Touches and Final Inspection ✨

The final stage focuses on improving the appearance and durability of your Crochet Sunflower Pillow.

Secure All Yarn Ends

Check the front and back for loose yarn tails.

Weave every remaining end through several stitches.

Trim any excess yarn carefully without cutting into the crocheted fabric.

Check the Petals

Inspect all 24 petals to ensure they are securely attached.

Adjust any petals that have folded or twisted during assembly.

Spread the petals evenly around the sunflower face.

Adjust the Facial Details

Check that the eyes, smile, and cheeks are still correctly positioned.

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

If necessary, straighten the cheeks or add small embroidery stitches to refine the smile.

Avoid pulling too tightly, as this can distort the stuffed face.

Shape the Cushion

Place the pillow on a flat surface.

Gently press and shape the four corners.

Redistribute the fiberfill if any section appears uneven.

The finished pillow should have a balanced square outline with the sunflower centered on the front.

Final Checklist

Finishing checklist

0 of 7 complete

All 24 petals are attached securely

The sunflower face is centered and evenly stuffed

Both cheeks and the smile are firmly sewn

All four green corners are in place

The pillow seams are fully closed

The stuffing is evenly distributed

All yarn ends are woven in

Step 14: Caring for Your Crochet Sunflower Pillow

Proper care helps preserve the bright colors, soft texture, and dimensional details of your handmade cushion.

Cleaning

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

Hand washing is generally the safest option for a decorative crochet pillow, provided the yarn and stuffing are washable.

Use cool water and a small amount of mild detergent.

Gently press the fabric rather than rubbing or twisting it.

If your pillow contains a removable insert, wash the cover separately according to the yarn manufacturer's instructions.

Drying

Remove excess water by gently pressing the pillow between clean towels.

Lay it flat in a well-ventilated area.

Reshape the petals and corners while the fabric is still damp.

Allow the pillow to dry completely before using or storing it.

Storage

Keep the pillow away from prolonged direct sunlight, which may cause some yarn colors to fade.

Store it in a clean, dry location.

Avoid compressing it for extended periods, as this can flatten the sunflower petals and stuffing.

Frequently Asked Questions About the Crochet Sunflower Pillow

Is this crochet sunflower pillow suitable for beginners?

This project is best suited to confident beginners or intermediate crocheters. The basic stitches are simple, but assembling 24 petals, attaching the facial details, and

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

constructing the square pillow require patience and careful positioning.

What yarn is best for this pattern?

Worsted weight cotton or acrylic yarn works well. Cotton provides good stitch definition and a firm texture, while acrylic is generally lightweight, soft, and available in many bright colors.

Can I use a different crochet hook size?

Yes. A 3.5 mm or 4.0 mm hook is recommended in the illustration. A smaller hook creates tighter stitches, while a larger hook produces a looser fabric. Choose a hook that gives you a firm texture without making the stitches difficult to work.

How many petals does the sunflower need?

The illustrated design uses 24 petals: 8 yellow small petals, 8 orange medium petals, and 8 red large petals.

Can I make the sunflower in different colors?

Absolutely. You can use traditional yellow and brown sunflower colors, pastel shades, or seasonal combinations. Keep the three petal sizes consistent so the flower retains its layered appearance.

How do I make the pillow larger?

Increase the size of the green front and back panels and adjust the sunflower face and petals proportionally. Adding extra rows to the square panels alone will create a larger pillow with a smaller-looking flower.

Can I make the pillow without safety eyes?

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

Yes. Embroidered eyes are an excellent alternative, especially when the pillow is intended for a household with young children.

How much stuffing should I use?

Use enough fiberfill to make the pillow comfortably firm while allowing it to maintain its square shape. Add stuffing gradually and distribute it evenly into the corners.

Can I use this sunflower design for other projects?

Yes. The crocheted sunflower can be adapted for wall hangings, decorative cushions, tote bags, blankets, and other handmade home accessories.

How long does this project take?

The time required depends on your experience and crochet speed. The repeated petals and assembly generally take longer than the individual facial pieces. It is a good project to complete over several crafting sessions.

Conclusion

The Crochet Sunflower Pillow is a colorful and rewarding handmade project that combines basic crochet stitches with decorative shaping and creative assembly. From the cream-colored smiling face and pink cheeks to the 24 vibrant petals and green square background, each component contributes to the finished design.

By following the instructions step by step, using consistent crochet tension, and carefully arranging the pieces, you can create a beautiful sunflower cushion that adds warmth and personality to your home.

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

Whether displayed on a sofa, bed, armchair, or favorite reading nook, this handmade sunflower pillow celebrates the creativity and charm of crochet.

Enjoy your crocheting, and have fun bringing your sunflower pillow to life! 🌻 🧶
