

#### FINISHED SIZE

#### MATERIALS

- T-shirt yarn or chunky yarn (approx. 200–300 g per tree)
- Crochet hook: 12 mm (or size suitable for your yarn)
- Scissors
- Hot glue (optional)
- Decorative ribbon for the bow
- Needle and thread (optional)

#### STITCH LEGEND (US TERMS)

#### STEP-BY-STEP TREE TUTORIAL

##### 1 MAGIC RING

Make a magic ring.  
Ch 1 (does not count as a stitch).  
Work 6 sc into the ring.  
Join with a sl st. (6 sts)

##### 2 INCREASE ROUND

Rnd 2: 2 sc in each stitch around. Join with sl st. (12 sts)

##### 3 CONTINUE INCREASING

Rnd 3: (1 sc, 2 sc in next st) repeat around. (18 sts)  
Rnd 4: (2 sc, 2 sc in next st) repeat around. (24 sts)

##### 4 BUILDING THE CONE

Rnd 5: (3 sc, 2 sc in next st) repeat around. (30 sts)  
Rnd 6: (4 sc, 2 sc in next st) repeat around. (36 sts)

##### 5 WORK EVEN

Rnd 7–14: 1 sc in each stitch around. (36 sts)  
Adjust the number of rounds to make your tree taller or shorter.

##### 6 START DECREASING

Rnd 15: (4 sc, sc2tog) repeat around. (30 sts)  
Rnd 16: (3 sc, sc2tog) repeat around. (24 sts)

##### 7 CONTINUE DECREASING

Rnd 17: (2 sc, sc2tog) repeat around. (18 sts)  
Rnd 18: (1 sc, sc2tog) repeat around. (12 sts)

**Note:** Adjust the number of decreases to reach the desired height.

##### 8 CLOSE THE TOP

Rnd 19: sc2tog around. (6 sts)  
Fasten off, leaving a long tail.  
Thread the yarn through the front loops of the remaining stitches, pull tight and secure on the inside.

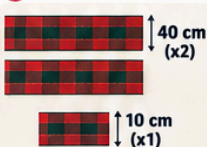

##### 9 FINISHED TREE (WITHOUT BOW)

Make your trees in different colors and sizes.  
The same pattern works for all three.

#### HOW TO MAKE THE BOW

##### 1 CUT THE RIBBON

Cut two pieces of ribbon 40 cm long (main bow) and one piece 10 cm long (center).

##### 2 MAKE THE BOW

Form a bow with the two long pieces, cross and tie in the center.

##### 3 ADD THE CENTER STRIP

Wrap the 10 cm strip around the center and secure with hot glue or hand stitch.

##### 4 ATTACH TO THE TREE

Use hot glue or a few stitches to attach the bow to the top of the tree.

#### FINISHED RESULT

**MATERIALS**

T-shirt yarn or chunky yarn (6–8 mm thickness)

Crochet hook 10 mm (US N/P-15)

Stuffing (polyester fiberfill)

Cone base (optional) (you can also crochet without it)

**STITCH KEY (US TERMS)**

○ ch - chain

× sc - single crochet

┐ hdc - half double crochet

┐ dc - double crochet

⌵ dc2tog - double crochet together (decrease)

○ sl st - slip stitch

**FINISHED SIZE (APPROXIMATE)**

**1. CROCHET THE BASE RING**

Ch 6, sl st to form a ring.

**Round 1:** Ch 2 (counts as hdc), make 10 hdc into the ring. Sl st to join. (10 sts)

**2. CONTINUE IN SPIRAL**

**Round 2:** 2 hdc in each stitch (20 sts).

**Round 3:** 1 hdc in each stitch (20 sts).

Continue in a spiral, 1 hdc in each stitch for several rounds, forming a flat circle.

**3. BUILD THE CONE**

Continue crocheting in a spiral, 1 hdc in each stitch. Do not join.

The cone will start to rise naturally. Keep the same number of stitches for most rounds to create a straight cone shape.

**4. SHAPE THE CONE (DECREASE)**

When the cone reaches the desired height, begin to decrease:

**Decrease Round:** (hdc 3, hdc2tog) repeat around.

Continue decreasing every few rounds until the top is closed.

**5. CLOSE THE TOP**

Stuff the tree with fiberfill while crocheting. Make final decreases until the opening is small.

Fasten off and secure the yarn. Hide the end inside the cone.

**6. MAKE THE BOW**

**1**

Cut ribbon: 2 strips of 30 cm

**2**

Make the bow loops.

**3**

Tie the center with a small strip.

**4**

Trim the ends at an angle.

**5**

The bow is ready to be attached.

**7. ATTACH THE BOW**

Use hot glue or sew the bow on the top of the tree.

**8. FINISH AND DECORATE**

**TIPS**

- Use chunky yarn or t-shirt yarn for a firm and textured look.
- You can insert a foam cone inside for more stability (optional).
- Adjust the size by using a larger or smaller crochet hook.
- Decorate with different ribbons, buttons or small ornaments.
- These trees are perfect for Christmas decoration or gifts!

## Crochet Christmas Tree Pattern – Complete Step-by-Step Tutorial 🎄

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

Create beautiful, handmade crochet Christmas trees using chunky yarn, simple crochet stitches, and decorative holiday bows! This beginner-friendly Crochet Christmas Tree Pattern teaches you how to make three charming Christmas decorations in cream, forest green, and bright red, just like the trees shown in the tutorial image.

These adorable trees feature a thick, textured surface, a wide circular base, and a gradually narrowing cone shape. Their soft appearance comes from using T-shirt yarn or chunky yarn, which creates large, visible stitches and gives each tree a sturdy decorative structure.

This complete tutorial follows the illustrated pattern, using US crochet terminology, detailed stitch instructions, round-by-round explanations, and measurements in centimeters. You will also learn how to make the plaid ribbon bows and attach them to your finished Christmas trees.

## Step 1: Gather Your Materials and Prepare Your Workspace

Before beginning your chunky crochet Christmas tree, organize your materials and select the colors you want to use.

### Materials Needed

- T-shirt yarn or chunky yarn: approximately 200–300 grams per tree
- Crochet hook: 12 mm, or a size appropriate for your yarn
- Scissors
- Yarn needle with a large eye
- Stitch marker (recommended)
- Decorative Christmas ribbon
- Hot glue gun and glue sticks (optional)
- Sewing needle and matching thread (optional)

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

For the traditional Christmas appearance shown in the image, use cream, dark green, and bright red yarn.

#### Finished Tree Measurements

| Tree color   | Height | Base width |
|--------------|--------|------------|
| Cream        | 18 cm  | 10 cm      |
| Forest green | 24 cm  | 12 cm      |
| Red          | 20 cm  | 11 cm      |

These measurements are approximate. The actual size depends on your yarn thickness, crochet tension, and the number of rounds completed.

The same basic pattern can be used for all three trees. Simply adjust the number of even rounds to change the height.

#### Choosing the Right Yarn

T-shirt yarn works especially well because it is thick, flexible, and produces a structured fabric.

If you prefer a softer appearance, use super bulky or jumbo chenille-style yarn. However, extremely soft yarn may require additional support to help the tree stand upright.

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

For a firm cone, maintain consistent tension throughout the project.

#### Understanding the Crochet Stitches (US Terms)

| Abbrevia<br>tion | Stitch                            | Explanation                                                                          |
|------------------|-----------------------------------|--------------------------------------------------------------------------------------|
| ch               | Chain                             | Yarn over and pull through the loop on your hook.                                    |
| sl st            | Slip stitch                       | Insert hook, yarn over, and pull through the stitch and the loop on your hook.       |
| sc               | Single<br>crochet                 | Insert hook, yarn over, pull up a loop, yarn over, and pull through both loops.      |
| hdc              | Half double<br>crochet            | Yarn over, insert hook, pull up a loop, yarn over, and pull through all three loops. |
| sc2tog           | Single<br>crochet two<br>together | Work two neighboring stitches together to decrease by one stitch.                    |
| st(s)            | Stitch(es)                        | Refers to individual crochet stitches.                                               |

|            |                 |                                                               |
|------------|-----------------|---------------------------------------------------------------|
| <b>rnd</b> | <b>Round</b>    | <b>One complete circular row of crochet.</b>                  |
| <b>inc</b> | <b>Increase</b> | <b>Work two single crochet stitches into the same stitch.</b> |

**Important:** The tree itself uses mainly single crochet, increases, and decreases. Half double crochet is included in the stitch legend but is not required for the illustrated tree.

## **Step 2: Crochet the Circular Base and Increase the Tree Shape**

The first stage creates a circular base that supports the Christmas tree.

The illustrated pattern begins with a magic ring and gradually increases the stitch count to create a wide foundation.

### **Round 1: Make the Magic Ring**

- 1. Wrap the yarn around your fingers to form a loop.**
- 2. Insert the crochet hook through the loop.**
- 3. Yarn over and pull up a loop.**
- 4. Chain 1 to secure the working yarn.**
- 5. Work 6 single crochet stitches into the magic ring.**
- 6. Pull the yarn tail gently to close the center.**
- 7. Join with a slip stitch into the first single crochet.**

**Stitch count: 6 sc**

**The beginning chain does not count as a stitch.**

**Make sure the center is closed securely so the base does not develop a large opening.**

<https://creative.craftsforlove.com/> - SEE THE BEST PATTERNS

#### Round 2: Increase Every Stitch

In this round, you will double the stitch count.

Work 2 single crochet stitches into every stitch from the previous round.

Written pattern:

Rnd 2: 2 sc in each st around. Join with sl st.  
(12 sts)

You should now have 12 stitches.

The crochet piece will begin to resemble a small circle.

#### Round 3: Continue Increasing

For the third round, alternate between one regular single crochet and one increase.

Written pattern:

Rnd 3: (1 sc, 2 sc in next st) repeat around. (18 sts)

Repeat the sequence six times.

Your circle should continue expanding evenly.

#### Round 4: Build a Wider Foundation

Increase again, but place more regular stitches between increases.

Written pattern:

Rnd 4: (2 sc, 2 sc in next st) repeat around. (24 sts)

<https://creative.craftsforlove.com/> - SEE THE BEST PATTERNS

Repeat the sequence six times.

You now have 24 stitches.

Round 5: Expand the Base

Continue using the same increase method.

Written pattern:

**Rnd 5: (3 sc, 2 sc in next st) repeat around. (30 sts)**

The base should be noticeably wider.

Round 6: Complete the Base Increases

This is the final increase round shown in the illustrated tutorial.

Written pattern:

**Rnd 6: (4 sc, 2 sc in next st) repeat around. (36 sts)**

You should finish with 36 stitches.

At this point, the base circumference is established.

The next stage will build the tree upward.

Helpful Tip for Beginners

Use a stitch marker to identify the beginning of each round.

Count your stitches after every round, especially while increasing.

Accurate stitch counts will help prevent uneven sides or unwanted gaps.

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

### **Step 3: Build the Cone and Crochet the Tree Body**

Now that your base is complete, you can begin forming the textured Christmas tree.

The illustrated tutorial uses several rounds of single crochet before beginning the decreases.

This creates the wide lower portion of the cone.

**Rounds 7–14: Work Evenly**

Work one single crochet into every stitch around.

**Written pattern:**

**Rnd 7–14: 1 sc in each st around. (36 sts per round)**

Continue until you have completed eight even rounds.

These rounds maintain the same stitch count and build height without changing the circumference.

As you work, gently shape the fabric upward into a cone-like form.

The diagram illustrates the intended conical silhouette.

Because the stitch count stays constant in these rounds, your fabric may initially form a cylindrical section; the following decreases create the taper.

If necessary, adjust the number of even rounds to suit your yarn and desired proportions.

**Round 15: Begin Decreasing**

Now you will start narrowing the upper section.

**Written pattern:**

<https://creative.craftsforlove.com/> - SEE THE BEST PATTERNS

**Rnd 15: (4 sc, sc2tog) repeat around. (30 sts)**

Repeat the sequence six times.

Each decrease combines two stitches into one, reducing the circumference gradually.

How to Make sc2tog

Follow these steps to create a single crochet decrease:

1. Insert your hook into the next stitch.
2. Yarn over and pull up a loop.
3. Insert your hook into the following stitch.
4. Yarn over and pull up another loop.
5. Yarn over and pull through all three loops on your hook.

You have now decreased two stitches into one.

For a smooth appearance, avoid pulling the yarn too tightly.

Round 16: Continue Shaping the Cone

Written pattern:

**Rnd 16: (3 sc, sc2tog) repeat around. (24 sts)**

Repeat six times.

You will notice the upper portion becoming narrower.

Round 17: Reduce the Circumference Again

Written pattern:

**Rnd 17: (2 sc, sc2tog) repeat around. (18 sts)**

Repeat six times.

Continue maintaining even tension.

<https://creative.craftsforlove.com/> - SEE THE BEST PATTERNS

**Round 18: Form the Narrow Upper Section**

**Written pattern:**

**Rnd 18: (1 sc, sc2tog) repeat around. (12 sts)**

**Repeat six times.**

**Your Christmas tree should now have a small opening at the top.**

**Round 19: Close the Top**

**Written pattern:**

**Rnd 19: sc2tog around. (6 sts)**

**Repeat the decrease six times.**

**Fasten off, leaving a long yarn tail.**

**Thread the tail through a yarn needle and pass it through the front loops of the remaining six stitches.**

**Pull gently to close the opening.**

**Secure the yarn on the inside of the tree and weave in the remaining end.**

**Adjusting the Height**

**The diagram suggests adjusting the number of rounds to make taller or shorter trees.**

**For the cream tree, aim for approximately 18 cm in height.**

**For the red tree, aim for approximately 20 cm.**

**For the forest green tree, aim for approximately 24 cm.**

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

You can create different heights by adding or removing even rounds before starting the decreases.

**Note:** The round counts above reproduce the illustrated sequence. The diagram does not specify a separate set of round counts for each size, so check the height with a ruler as you crochet.

#### **Keeping the Tree Standing Upright**

If your yarn creates a sufficiently firm structure, the finished tree may stand independently.

If the sides are too soft, you can use a lightweight internal support or a cardboard cone, provided the support is safely secured and the decoration is intended for indoor display.

For an open-bottom tree, a fitted circular base insert can also improve stability.

#### **Step 4: Make the Christmas Ribbon Bow 🎀**

The decorative bow is an important part of the finished design.

The tutorial image features beautiful red-and-green plaid ribbon on the green and red trees, while the cream tree uses a light-colored ribbon with small Christmas tree prints.

You can choose ribbon colors that complement your yarn.

#### **Ribbon Measurements**

**Prepare the following pieces:**

| <b>Ribbon<br/>piece</b> | <b>Leng<br/>th</b> | <b>Quant<br/>ity</b> |
|-------------------------|--------------------|----------------------|
|-------------------------|--------------------|----------------------|

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

|                 |           |          |
|-----------------|-----------|----------|
| <b>Main bow</b> | <b>40</b> | <b>2</b> |
| <b>ribbon</b>   | <b>cm</b> |          |

|                     |           |          |
|---------------------|-----------|----------|
| <b>Center</b>       | <b>10</b> | <b>1</b> |
| <b>ribbon strip</b> | <b>cm</b> |          |

**Use ribbon that is wide enough to create full, decorative loops.**

**Wired ribbon is especially useful because it helps the bow maintain its shape.**

**Step 1: Cut the Ribbon**

**Cut two ribbon pieces measuring 40 cm each.**

**Cut one additional piece measuring 10 cm.**

**Trim the ends neatly.**

**If the ribbon frays easily, carefully seal the ends using an appropriate fabric-safe method.**

**Step 2: Form the Bow**

**Take the first 40 cm ribbon piece.**

**Fold it to create a loop on each side.**

**Bring the center sections together.**

**Take the second ribbon piece and arrange it to create additional loops or hanging tails, matching the layered bow shown in the diagram.**

**Pinch the ribbon layers together at the center.**

**Secure them temporarily with thread or a small tie.**

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

**Adjust the loops until both sides appear balanced.**

**Step 3: Add the Center Strip**

**Take the 10 cm ribbon piece.**

**Wrap it around the center of the bow to conceal the gathered section.**

**Pull it snugly, but avoid crushing the decorative loops.**

**Secure the strip at the back with a few hand stitches or a small amount of hot glue.**

**Fluff the loops and straighten the ribbon tails.**

**Your Christmas bow is now ready.**

**Step 4: Attach the Bow to the Tree**

**Position the finished bow near the top of the crochet cone.**

**For the cream tree, place the bow close to the tip.**

**For the green tree, use a large plaid bow to create a dramatic Christmas appearance.**

**For the red tree, attach a slightly smaller bow if you want to maintain the proportions shown in the photograph.**

**Use a needle and thread to sew the bow securely to the crochet stitches.**

**Alternatively, use a small amount of hot glue.**

**If using hot glue, work carefully and allow the glue to cool completely before handling the decoration.**

**Hand stitching is a good option if you want to remove or replace the ribbon later.**

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

## **Step 5: Finish and Shape Your Crochet Christmas Trees**

Once the crochet body and ribbon bow are complete, inspect the entire decoration.

Make sure the yarn ends are secured and the top opening is fully closed.

Place the tree on a flat surface and check whether it stands upright.

If necessary, gently reshape the lower portion.

### **Create the Cream Christmas Tree**

Use cream-colored chunky yarn for a soft, elegant holiday decoration.

Follow the same crochet instructions and adjust the height to approximately 18 cm.

Finish with a white or cream ribbon featuring small Christmas prints.

This version works beautifully with farmhouse, Scandinavian, and neutral Christmas decorations.

### **Create the Forest Green Christmas Tree**

Use deep forest green yarn.

Follow the base pattern and add even rounds as needed to reach approximately 24 cm.

Decorate the top with a large red-and-green plaid bow.

This is the tallest tree in the illustrated arrangement.

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

Its dark green color provides a beautiful contrast against the cream and red trees.

**Create the Red Christmas Tree**

**Choose bright red chunky yarn.**

**Follow the same pattern and adjust the height to approximately 20 cm.**

**Add a plaid bow near the top.**

**The red tree makes a cheerful accent for Christmas shelves, tables, and holiday displays.**

**Arrange the Finished Trees**

**Place the tallest green tree at the back.**

**Position the cream tree toward the front left.**

**Place the red tree toward the front right.**

**This arrangement creates the balanced, layered Christmas display shown in the reference image.**

**For extra decoration, you can arrange the trees on a wooden tray or a mantel.**

**Keep the display away from candles, heaters, and other open flames.**

## **Step 6: Complete Crochet Pattern Summary**

**Here is the full crochet Christmas tree pattern in one place for convenient reference.**

**All stitches use US terminology.**

**Quick Reference – Crochet Tree Pattern**

**Copy**

|       |             |     |
|-------|-------------|-----|
| Round | (3 sc,      | 24  |
| 16    | sc2tog) × 6 | sts |

|       |             |     |
|-------|-------------|-----|
| Round | (2 sc,      | 18  |
| 17    | sc2tog) × 6 | sts |

|       |             |     |
|-------|-------------|-----|
| Round | (1 sc,      | 12  |
| 18    | sc2tog) × 6 | sts |

|       |            |     |
|-------|------------|-----|
| Round | Sc2tog × 6 | 6   |
| 19    |            | sts |

For the joined-round method shown in the diagram, join each round with a slip stitch and chain 1 before starting the next. Do not count the chain as a stitch. Adjust the even rounds to obtain the desired height.

## **Step 7: Common Mistakes and Helpful Crochet Tips**

Even a simple crochet project can present small challenges, especially when working with very thick yarn.

**The Tree Looks Uneven**

**Check your stitch count at the end of each round.**

**Missing stitches or accidental increases can distort the shape.**

**Use a stitch marker and count carefully.**

**The Tree Is Too Wide**

**Try using a slightly smaller hook to produce tighter stitches.**

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

**You can also adjust the yarn tension or choose a less bulky yarn.**

**Remember that changing the yarn or hook will also affect the finished measurements.**

**The Tree Is Too Short**

**Add more even rounds before beginning the decrease section.**

**For example, instead of working only Rounds 7–14 evenly, you may work additional rounds at 36 stitches.**

**Then begin the decrease sequence.**

**The Tree Is Too Tall**

**Remove some of the even rounds before starting the decreases.**

**This reduces the overall height without changing the base stitch count.**

**The Top Has a Hole**

**After completing Round 19, thread the remaining yarn tail through the front loops of all six stitches.**

**Pull the tail firmly enough to close the opening.**

**Weave the tail through nearby stitches on the inside to secure it.**

**The Bow Does Not Hold Its Shape**

**Use wired ribbon or slightly stiffer decorative ribbon.**

**Adjust the loops and secure the center firmly.**

**Avoid using excessive glue, which can make the ribbon stiff or uneven.**

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

## **Frequently Asked Questions About Crochet Christmas Trees**

**Is this crochet Christmas tree pattern suitable for beginners?**

**Yes. The illustrated pattern uses basic US crochet techniques, including single crochet, increases, decreases, and slip stitches.**

**Beginners should practice making a magic ring and single crochet decreases before starting the project.**

**What is the best yarn for a chunky crochet Christmas tree?**

**T-shirt yarn, super bulky yarn, or jumbo yarn can work well.**

**Choose yarn that produces a thick, firm fabric so the tree maintains its shape.**

**Can I make this pattern using regular worsted-weight yarn?**

**Yes, but the finished tree will be smaller, and the fabric may be less structured.**

**Use a hook appropriate for the yarn and consider adding a supportive insert if necessary.**

**How much yarn do I need for one Christmas tree?**

**The illustrated tutorial recommends approximately 200–300 grams per tree.**

**Actual consumption depends on yarn thickness, the number of rounds, and your crochet tension.**

**Can I make the Christmas tree taller?**

**Yes. Add more rounds of single crochet before beginning the decreases.**

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

**Measure the tree as you work to achieve your desired height.**

**Do I need to stuff the Christmas tree?**

**Not necessarily.**

**The illustrated design relies on thick crochet fabric to create its shape.**

**If the tree is too flexible, you may add a lightweight internal support. Stuffing alone can change the cone shape and may not provide a flat, stable base.**

**Can I wash my crochet Christmas tree?**

**Check the care instructions on your yarn label.**

**If the bow is attached with glue, avoid soaking the decoration.**

**For washable yarn and sewn-on bows, gentle hand washing may be possible, although removing the bow first is preferable.**

**Can I sell Christmas trees made from this pattern?**

**You can generally sell handmade items you create, subject to any applicable rights, restrictions, and local requirements.**

**If selling finished decorations, use your own product photographs and descriptions.**

**How can I decorate the trees without ribbon bows?**

**You can add small crocheted stars, miniature pom-poms, embroidered details, or other lightweight embellishments.**

**Secure all decorations carefully, especially if the trees will be displayed where young children or pets can reach them.**

**Conclusion: Create Your Own Handmade Crochet Christmas Forest 🎄**

<https://creative.craftsforlove.com/> - **SEE THE BEST PATTERNS**

**This Crochet Christmas Tree Pattern is a wonderful project for creating festive decorations with simple crochet techniques and chunky yarn.**

**By following the illustrated sequence of increases, even rounds, and decreases, you can create a textured Christmas tree with a circular base and a narrow top.**

**The finishing touch is the decorative ribbon bow, which gives each tree its own holiday personality.**

**Experiment with cream, forest green, bright red, and other Christmas colors to make a coordinated set of handmade decorations.**

**Whether you display them on a mantel, use them as a holiday centerpiece, or give them as handmade gifts, these crochet Christmas trees are a charming way to celebrate the season with creativity and traditional crochet craftsmanship.**
