https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Crochet Star & Moon Blanket Tutorial

Step-by-Step · US Crochet Terms

Finished Size (Approx.)

- 120 cm (W) × 160 cm (L) (47.2 in × 63 in)

Each Square: 14 cm × 14 cm (5.5 in × 5.5 in)

Total: 8 squares (W) × 11 squares (L) = 88 squares

Materials

- Worsted weight yarn (size 4 – medium)
  - Color A: Dark Blue (main) – approx. 800 g
  - Color B: Light Blue – approx. 700 g
  - Color C: Cream/Light Yellow – approx. 300 g
  - Color D: Gold/Mustard – approx. 300 g
- Crochet hook: 5.0 mm (H/8)
- Tapestry needle • Scissors

Stitch Key (US Terms)

- ○ = ch – chain
- ● = sl st – slip stitch
- × = sc – single crochet
- T = hdc – half double crochet
- ₸ = dc – double crochet
- ₹ = tr – treble (triple) crochet

Abbreviations

ch – chain
dc – double crochet
sl st – slip stitch
tr – treble crochet
sc – single crochet
st(s) – stitch(es)
hdc – half double crochet
rnd – round

The Motifs: Make 2 Types of Squares

Square with Star

Square with Moon

Making the Star Appliqué

1. **With Color C:** ch 4, sl st to form a ring.
   Rnd 1: Ch 3, 11 dc in ring, sl st. (12 dc)
   Rnd 2: Ch 1, 1 sc in each st around. (12 sc)
2. **With Color D (star points):**
   Ch 3, sl st in next st repeat 6 times, forming 6 points. Fasten off and weave in ends.
3. Center the star on the square and join with small stitches on the back or with sl st around.

Making the Moon Appliqué

1. **With Color C:** Ch 16.
   Row 1: Starting in 3rd ch from hook, work 1 hdc, 10 dc, 1 hdc, 1 sc. (12 sts)
2. **Row 2:** Turn, work 1 sc, 1 hdc, 8 dc, 1 hdc, 1 sc.
3. **Finish with Color D:** Work 1 sc around the moon for a neat outline. Sew the moon onto the square (or join with sl st).

General Square (Base for Both)

Rnd 1: With Color B, ch 4, sl st to form a ring.
Rnd 2: Ch 3 (counts as dc), 11 dc in ring, sl st to top of ch-3. (12 dc)
Rnd 3: Ch 3, 1 dc in same st, 2 dc in each st around, sl st to top of ch-3. (24 dc)
Rnd 4: Ch 3, (2 dc in next st, 1 dc) repeat around, sl st. (36 dc)

Step-by-Step: Assemble the Blanket

1 Make the Squares

- Crochet 44 Star squares and 44 Moon squares (total of 88 squares).
- Each square measures approximately 14 cm × 14 cm (5.5 in × 5.5 in).

2 Arrange the Layout

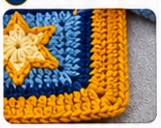

- Lay out the squares in 8 columns (width) × 11 rows (length).
- Alternate the Star and Moon squares as shown in the diagram above.

3 Join the Squares

- With Color D, use sc to join the squares.
- Place two squares with right sides together and work sc through both loops.
- Join all squares in rows, then join the rows together.

4 Add the Border

- With Color D, work around the entire blanket:
  Rnd 1: 1 sc in each st and in all square joinings.
  Rnd 2: 1 hdc in each st.
  Rnd 3: 1 dc in each st.
- For a thicker border, add one more round of dc if desired.

5 Finished Blanket

- Your Star & Moon Blanket is complete!
- Approximate final size: 120 cm (W) × 160 cm (L) (47.2 in × 63 in).

Stitch How-To (Quick Guide)

Single Crochet (sc)

Insert hook, yarn over, pull up a loop, yarn over, pull through both loops.

Half Double Crochet (hdc)

Yarn over, insert hook, pull up a loop, yarn over, pull through all 3 loops.

Double Crochet (dc)

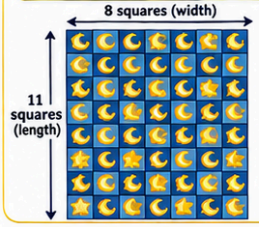

Yarn over, insert hook, pull up a loop, yarn over, pull through 2 loops, yarn over, pull through last 2 loops.

Treble Crochet (tr)

Yarn over twice, insert hook, pull up a loop, (yarn over, pull through 2 loops) 3 times.

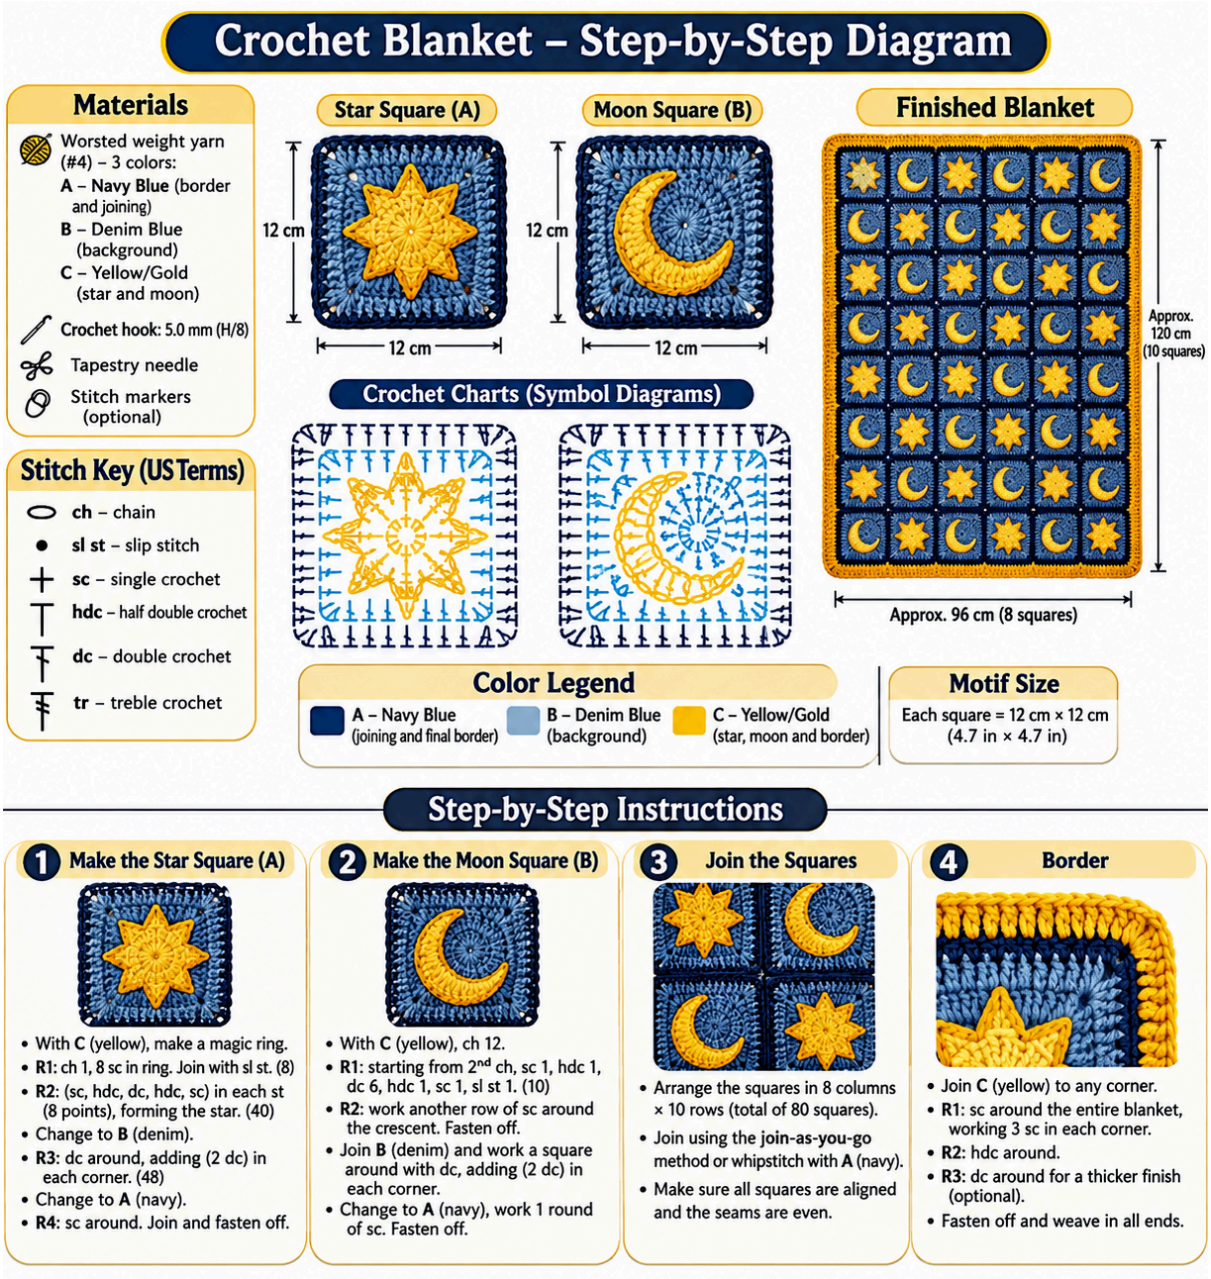

Assembly Diagram

Helpful Tips

- Use worsted weight (size 4) yarn for a soft and cozy blanket.
- Keep your squares the same size for a perfect fit.
- You can adjust the blanket size by adding more squares (e.g., 9 × 12, 10 × 14, etc.).
- Weave in all ends for a neat and durable finish.
- This pattern is great for gifts, nursery decor, or a cozy throw for your home.

Crochet Star & Moon Blanket Tutorial – Complete Step-by-Step Pattern (US Crochet Terms) ⭐🌙

The Crochet Star & Moon Blanket is a beautiful, colorful project that combines traditional granny squares with decorative stars and crescent moons. Featuring deep blue, light blue, golden yellow, and cream-colored yarn, this

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

handmade blanket creates a charming celestial design. It is perfect for decorating a bedroom, adding warmth to a cozy chair, or making a thoughtful handmade gift.

This complete crochet blanket tutorial follows the design shown in the reference chart. You will learn how to crochet the square bases, create six-pointed star appliqués, shape crescent moon appliqués, assemble the squares, and finish the blanket with a golden border. All instructions use US crochet terminology, making the pattern accessible to American crocheters.

The blanket consists of 88 crochet squares, arranged in 8 columns and 11 rows. There are 44 star squares and 44 moon squares, arranged in an alternating pattern. Each completed square measures approximately 14 × 14 cm (5.5 × 5.5 inches), and the intended finished blanket measures approximately 120 × 160 cm (47.2 × 63 inches), depending on gauge, joining, and border width.

Pattern note: The reference graphic contains a few abbreviated stitch sequences that do not fully specify the shaping of the appliqués or the corners of the granny squares. The instructions below preserve its colors, layout, quantities, and overall appearance while adding practical stitch details to make the project workable from beginning to end. The completed dimensions are approximate, and the star and moon instructions are a practical interpretation of the pictured motifs.

Step 1: Gather Your Materials and Learn the Crochet Stitches 🧶

Before starting your Crochet Star & Moon Blanket, organize all the materials and become familiar with the stitches used throughout the project.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Materials Needed

Material	Quantity or specification
Worsted weight yarn (size 4)	Medium-weight acrylic or acrylic blend
Color A – Dark Blue	Approximately 800 g
Color B – Light Blue	Approximately 700 g
Color C – Cream/Light Yellow	Approximately 300 g
Color D – Gold/Mustard	Approximately 300 g
Crochet hook	5.0 mm (US H/8)
Tapestry needle	For weaving ends and attaching appliqués
Scissors	For cutting yarn
Stitch markers	Optional, for identifying corners

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Measuring tape	**For checking square dimensions**

The yarn amounts are estimates from the chart rather than verified quantities for a tested sample. Because this blanket contains many appliqués and joins, purchasing a little extra yarn is advisable.

Crochet Stitch Key – US Terms

Abbreviation	Meaning
ch	**Chain**
sl st	**Slip stitch**
sc	**Single crochet**
hdc	**Half double crochet**
dc	**Double crochet**
tr	**Treble crochet**

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

st(s)	Stitch(es)
rnd	Round
sp	Space
rep	Repeat
RS	Right side
WS	Wrong side
BLO	Back loop only

How to Make the Main Stitches

Chain (ch): Make a slip knot and place it on your crochet hook. Yarn over and pull the yarn through the loop on the hook. Repeat to create the required number of chains.

Slip Stitch (sl st): Insert the hook into the indicated stitch, yarn over, and pull the yarn through both the stitch and the loop on your hook. This stitch is commonly used for joining rounds.

Single Crochet (sc): Insert your hook into the next stitch, yarn over, and pull up a loop. Yarn over again and pull through both loops on the hook.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Half Double Crochet (hdc): Yarn over, insert the hook into the stitch, yarn over, and pull up a loop. Yarn over again and pull through all three loops.

Double Crochet (dc): Yarn over, insert the hook into the stitch, and pull up a loop. Yarn over and pull through two loops, then yarn over and pull through the remaining two loops.

Treble Crochet (tr): Yarn over twice, insert the hook into the stitch, and pull up a loop. Yarn over and pull through two loops three times.

Important Crochet Tips Before Starting

Use consistent yarn tension throughout the project. Since the blanket contains 88 individual squares, even small differences in size can affect the finished shape.

Crochet one complete sample square before making all 88. Measure it after gently blocking it. Adjust the hook size or tension if needed.

For the cleanest result, weave in yarn ends as you finish each component rather than leaving all the finishing work until the end.

Step 2: Crochet the Basic Granny Square for Both Motifs

The basic crochet square forms the background for every star and moon in the blanket.

The chart shows a light blue center with a dark blue outer frame. This color combination makes the yellow and cream appliqués stand out.

You will need to crochet 88 identical square bases.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Round 1: Create the Center Ring

Using Color B (Light Blue):

1. Make a slip knot.
2. Chain 4.
3. Join with a slip stitch into the first chain to form a ring.
4. Chain 3. This counts as your first double crochet.
5. Work 11 dc into the center of the ring.
6. Join with a slip stitch into the top of the beginning ch-3.

You should have 12 dc, counting the beginning ch-3.

Round 2: Increase the Circular Center

Continue using Color B.

1. Chain 3, counting as the first dc.
2. Work 1 dc into the same stitch.
3. Work 2 dc into each of the remaining 11 stitches.
4. Join with a slip stitch to the top of the beginning ch-3.

You should now have 24 dc.

This round expands the center and prepares the motif for the transition from a circle into a square.

Round 3: Form the Square Corners

Continue with Color B.

The reference chart summarizes this round as an increase to 36 dc, but does not fully specify the corner placement. Use the following square-shaping sequence.

1. Chain 3, counting as the first dc.
2. Work 1 dc in each of the next 2 stitches.
3. In the next stitch, work (2 dc, ch 2, 2 dc) to create the first corner.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

4. Work 1 dc in each of the next 5 stitches.
5. In the next stitch, work (2 dc, ch 2, 2 dc) for the second corner.
6. Repeat the previous two instructions twice more, creating four corners in total.
7. Work 1 dc in each of the final 2 stitches.
8. Join with a slip stitch to the top of the beginning ch-3.

You now have four clearly defined corners and 36 dc.

Your crochet piece should begin to resemble a rounded square.

Round 4: Complete the Square Shape

Continue using Color B.

1. Chain 3, counting as the first dc.
2. Work 1 dc in each stitch until you reach the first corner space.
3. In the corner ch-2 space, work (2 dc, ch 2, 2 dc).
4. Work 1 dc in each stitch along the next side.
5. Repeat the corner increase at each remaining corner.
6. Continue until you return to the beginning of the round.
7. Join with a slip stitch.

You should have 52 dc around the square, with four ch-2 corner spaces.

This square-shaping version differs from the chart's abbreviated Round 4 count of 36 dc because it includes the corner increases needed to produce a stable square.

Round 5: Add the Dark Blue Frame

Switch to Color A (Dark Blue).

1. Join the dark blue yarn in any corner space.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

2. Chain 3, counting as the first dc.
3. Work (1 dc, ch 2, 2 dc) in the same corner space.
4. Work 1 dc in every stitch along the side.
5. At the next corner, work (2 dc, ch 2, 2 dc).
6. Repeat around all four sides.
7. Join with a slip stitch.

This creates the first dark blue border around the light blue square.

Round 6: Finish the Base Square

Continue with Color A.

1. Chain 1.
2. Work 1 sc in each stitch along the side.
3. At every corner space, work (2 sc, ch 2, 2 sc).
4. Repeat around the square.
5. Join with a slip stitch.
6. Fasten off and weave in the ends.

Measure the square.

Your target size is approximately 14 × 14 cm (5.5 × 5.5 inches).

If the square is smaller, add another evenly worked border round, maintaining four distinct corners. If it is larger, consider using a smaller hook.

Repeat until you have 88 square bases.

Step 3: Make the Six-Pointed Crochet Star Appliqué ⭐

The crochet star appliqué is the first decorative motif used in the blanket.

Each star has a cream-colored circular center surrounded by six golden points.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

You will need 44 completed stars.

Round 1: Make the Cream Center

Using Color C (Cream/Light Yellow):

1. **Make a slip knot.**
2. **Chain 4.**
3. **Join with a slip stitch to form a ring.**
4. **Chain 3, counting as the first dc.**
5. **Work 11 dc into the ring.**
6. **Join with a slip stitch into the top of the beginning ch-3.**

You should have 12 dc.

The center should resemble a small circular flower.

Round 2: Expand the Star Center

Continue using Color C.

1. **Chain 1.**
2. **Work 1 sc into each of the 12 dc from the previous round.**
3. **Join with a slip stitch to the first sc.**
4. **Fasten off.**

You should have 12 sc.

This round stabilizes the center and provides attachment points for the star's six points.

Round 3: Create the Six Golden Star Points

Join Color D (Gold/Mustard) to any sc.

The reference chart describes making six points using chains and slip stitches. For a more defined star shape, use the following pointed construction.

For each point:

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

1. Chain 5.
2. Work 1 sl st into the second chain from the hook.
3. Work 1 sc into the next chain.
4. Work 1 hdc into the next chain.
5. Work 1 dc into the last chain.
6. Skip the next sc on the cream center.
7. Slip stitch into the following sc.

Repeat this sequence six times, working around the circular center.

You should now have six triangular points radiating from the center.

Round 4: Define the Golden Edges

Continue with Color D.

1. Work slip stitches along the edge of the first star point, using the available stitch loops.
2. At the tip, work (sc, ch 1, sc) to sharpen the point.
3. Continue working slip stitches along the opposite side of the point.
4. Repeat around all six points.
5. Join with a slip stitch and fasten off.

Because the points are shaped with chains, their edge loops may be slightly irregular. Work gently and avoid adding too many stitches, which could cause the points to curl.

Attach the Star to the Square

Place the finished star in the center of a dark and light blue square.

Position all six points evenly.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Thread a tapestry needle with a matching yarn tail and sew the star onto the square using small, discreet stitches.

Sew around the cream center and lightly secure the golden points. Avoid pulling the stitches too tightly, as this can distort the square.

Alternatively, attach the appliqué with slip stitches if you prefer a more visible crocheted finish.

Repeat until you have 44 star squares.

Step 4: Crochet the Crescent Moon Appliqué 🌙

The crochet crescent moon is the second decorative motif.

It features a soft cream center and a golden outline, matching the colors of the stars.

You will need 44 moon appliqués.

Foundation Chain

Using Color C (Cream/Light Yellow):

1. **Make a slip knot.**
2. **Chain 16.**
3. **Keep the foundation chain relaxed so the moon can curve naturally.**

The chart uses a 16-chain foundation and begins the first row in the third chain from the hook.

Row 1: Build the Moon's Inner Curve

1. **Work 1 hdc in the third chain from the hook.**
2. **Work 1 dc in each of the next 12 chains.**
3. **Work 1 hdc in the last chain.**
4. **Chain 1 and turn.**

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

You should have 14 stitches.

This row forms the foundation of the crescent.

Row 2: Shape the Moon

Work the following stitches across the 14-stitch row:

1. Work 1 sc in the first stitch.
2. Work 1 hdc in the next stitch.
3. Work 1 dc in each of the next 8 stitches.
4. Work 1 hdc in the next stitch.
5. Work 1 sc in the next stitch.
6. Slip stitch in each of the final 2 stitches.

Fasten off, leaving a long tail.

The graphic gives a shorter Row 2 sequence. The additional slip stitches here allow the row to use the full foundation and taper toward one end.

Row 3: Add the Golden Outline

Join Color D (Gold/Mustard) near one pointed end.

1. Work sc stitches along the outer curved edge of the moon.
2. At the first tip, work (sc, ch 2, sl st) to create a narrow point.
3. Continue working sc evenly around the outer edge.
4. At the second tip, repeat (sc, ch 2, sl st).
5. Work slip stitches along the inner curved edge if a neater finish is needed.
6. Join and fasten off.

Do not overcrowd the inner curve with stitches. Too many stitches can cause rippling.

Shape the Crescent

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Gently curve the moon into a crescent shape with your fingers.

The moon should have a wider center and two narrower tips.

If the appliqué does not curve sufficiently, use the yarn tail to place a few small shaping stitches along the inner edge, drawing it inward slightly.

You can also lightly dampen the appliqué and pin it into the desired crescent shape while it dries.

Attach the Moon to the Square

1. **Place the moon in the center of a completed blue square.**
2. **Position the open side of the crescent toward the right, matching the reference image.**
3. **Use a tapestry needle and matching yarn to sew the moon onto the square.**
4. **Secure both tips carefully.**
5. **Weave in all remaining ends.**

Repeat until you have 44 moon squares.

You should now have all 88 decorated squares ready for assembly.

Step 5: Arrange the Star and Moon Squares

The next stage is arranging the squares to reproduce the celestial blanket design.

The reference chart uses an alternating checkerboard-style arrangement.

Blanket Layout

Your finished layout will contain:

- **8 squares across the width.**

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

- 11 squares down the length.
- 44 star squares.
- 44 moon squares.
- 88 squares in total.

Start the first row with a moon, followed by a star, and continue alternating.

Start the second row with a star, followed by a moon.

Repeat this arrangement throughout the blanket.

Suggested Layout Diagram

In the following diagram, ⭐ represents a star square and 🌙 represents a moon square.

8 Squares Across

11 Rows Down

Alternating star and moon placement, following the reference chart.

Lay all the squares on a clean, flat surface before joining them.

Check that the motifs are facing the correct direction and that the dark blue borders are consistent.

Taking a photograph of the layout can help you remember the arrangement while sewing or crocheting the squares together.

Step 6: Join the Crochet Squares Together

The graphic recommends joining the squares using Color D (Gold/Mustard) and single crochet stitches.

This method creates a decorative golden grid between the dark blue squares.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Prepare the Squares

Place two squares together with their wrong sides touching and their right sides facing outward.

Align the corners and corresponding stitches.

If necessary, use stitch markers to hold the squares in position.

Single Crochet Joining Method

1. **Make a slip knot with Color D.**
2. **Insert your crochet hook through corresponding edge stitches of both squares.**
3. **Yarn over and pull up a loop.**
4. **Yarn over again and pull through both loops to make a single crochet.**
5. **Continue working sc through both squares along the entire edge.**
6. **Keep your stitches relaxed to prevent puckering.**
7. **Fasten off at the end, or continue into the next join as your layout allows.**

The golden joining stitches should remain visible on the front of the blanket.

Join the Squares into Rows

Begin with the first row of eight squares.

Join Square 1 to Square 2, then Square 2 to Square 3, continuing until all eight squares form a complete strip.

Repeat for the remaining ten rows.

You will have 11 horizontal strips, each containing eight decorated squares.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Join the Rows Together

Place Row 1 and Row 2 with their wrong sides touching.

Align the square corners carefully.

Join the two rows with Color D using the same single crochet method.

Continue joining the rows until all 11 strips are connected.

Where four square corners meet, work carefully to avoid bulky or uneven stitches.

After assembly, the blanket should have a decorative golden grid separating the blue squares.

Step 7: Crochet the Golden Blanket Border

The golden crochet border completes the blanket and coordinates with the star and moon appliqués.

The reference chart uses three border rounds.

Border Round 1: Single Crochet

Using Color D:

1. **Join the yarn at any corner of the assembled blanket.**
2. **Chain 1.**
3. **Work 1 sc into each available stitch along the edge.**
4. **At every outer corner, work (2 sc, ch 2, 2 sc).**
5. **Continue around the entire blanket.**
6. **Join with a slip stitch to the first sc.**

When working across the joined seams, distribute stitches evenly so the border remains flat.

Border Round 2: Half Double Crochet

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Continue using Color D.

1. **Chain 2, counting as the first hdc.**
2. **Work 1 hdc into each stitch around the blanket.**
3. **At each corner ch-2 space, work (2 hdc, ch 2, 2 hdc).**
4. **Repeat around all four sides.**
5. **Join with a slip stitch.**

This round adds thickness and helps the blanket maintain a defined rectangular shape.

Border Round 3: Double Crochet

Continue with Color D.

1. **Chain 3, counting as the first dc.**
2. **Work 1 dc in each stitch around the blanket.**
3. **At each corner space, work (2 dc, ch 2, 2 dc).**
4. **Continue around all four sides.**
5. **Join with a slip stitch.**
6. **Fasten off and weave in the yarn end.**

The finished border should be smooth, even, and slightly raised.

Optional Additional Border Round

If you prefer a thicker border, add another round of single crochet using the same golden yarn.

Work 1 sc in each stitch and (2 sc, ch 2, 2 sc) at the corners.

This optional finishing round creates a firmer edge without changing the overall design.

Step 8: Block and Finish Your Crochet Blanket

Blocking helps the squares settle into a uniform shape and improves the overall appearance of the finished blanket.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Weave in All Yarn Ends

Use a tapestry needle to weave each loose yarn tail through several stitches on the wrong side.

Change direction once or twice to help secure the yarn.

Trim excess yarn only after the ends are firmly woven in.

Check the Blanket Shape

Lay the blanket flat and inspect the edges.

Make sure:

- The squares are evenly aligned.
- The stars are centered.
- The crescent moons face the intended direction.
- The joining seams are secure.
- The border lies flat without curling.

Gently Block the Blanket

Lightly dampen the blanket or wash it according to the yarn manufacturer's instructions.

Lay it flat on a clean towel or blocking surface.

Shape the corners and gently straighten the edges.

Allow the blanket to dry completely before moving it.

Avoid excessive heat, especially if you are using acrylic yarn.

Finished Blanket Measurements

The intended finished measurements are:

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Measurement	Approximate size
Width	120 cm (47.2 inches)
Length	160 cm (63 inches)
Individual square	14 × 14 cm (5.5 × 5.5 inches)
Total squares	88
Star squares	44
Moon squares	44

Sizing clarification: Eight 14 cm squares give a nominal width of 112 cm before joining and borders, while eleven squares give a nominal length of 154 cm. The chart's 120 × 160 cm finished size is therefore a target rather than a guaranteed result. Your actual dimensions will depend on your joining method, border, gauge, and blocking.

Step 9: Helpful Tips for a Beautiful Star & Moon Blanket

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Keep your square sizes consistent. Measure your first few squares before continuing with the entire project. Uniform squares make assembly much easier.

Use stitch markers. Marking the four corners of each square can help maintain accurate placement during the joining process.

Maintain a consistent color arrangement. Using dark blue borders around all the squares creates a cohesive design, while the golden joins add contrast.

Make the appliqués in batches. Crochet all 44 cream star centers first, then add the golden points. You can use the same approach for the crescent moons. This helps establish a comfortable rhythm.

Avoid overly tight joins. Tight single crochet joining stitches may pull the squares inward and cause the blanket to ripple or pucker.

Customize the blanket size. Add more rows or columns if you want a larger blanket. For example, a 9 × 12-square layout would require 108 squares, while a 10 × 14 layout would require 140 squares.

Choose easy-care yarn. A soft, machine-washable worsted-weight yarn is practical for blankets that will be used frequently.

Step 10: Frequently Asked Questions About the Crochet Star & Moon Blanket

Is this crochet blanket suitable for beginners?

Yes, it can be a manageable project for an adventurous beginner who already knows basic crochet stitches. The

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

square bases use simple stitches, while the appliqués require a little more patience and attention to shaping.

How many crochet squares do I need?

You need 88 squares in total: 44 star squares and 44 moon squares. Arrange them in eight columns and eleven rows.

What type of yarn works best?

Worsted-weight yarn, classified as size 4 in the United States, is recommended. Acrylic and acrylic-blend yarns are good choices because they are generally durable, affordable, and easy to care for.

Can I use different colors?

Absolutely. You can replace the dark blue with black or navy, the light blue with gray or turquoise, and the golden yellow with silver or white. Keep enough contrast between the background and appliqués so the celestial shapes remain visible.

Can I make this blanket smaller?

Yes. Reduce the number of squares while maintaining the alternating star and moon layout. A 6 × 8-square version would require 48 squares and could make a smaller lap blanket.

Should I attach the appliqués before or after joining the squares?

Attaching them before joining is recommended. It is easier to center and sew each star or moon onto an individual square than onto a large assembled blanket.

How do I keep the blanket from curling?

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Maintain even tension, use consistent stitch counts, and work sufficient increases at the corners. Blocking can also help relax the fabric and straighten the edges.

How long does it take to complete?

The time varies depending on your experience and crocheting speed. Since this project includes 88 squares, 88 appliqués, joining, and a border, expect a substantial multi-session project rather than a quick weekend make.

Can I wash the finished blanket?

Yes, provided the yarn you choose is washable. Follow the yarn label's care instructions, use a gentle cycle when appropriate, and dry the blanket in a way that protects its shape.

Conclusion: Enjoy Your Handmade Crochet Star & Moon Blanket ⭐🌙

The Crochet Star & Moon Blanket combines traditional crochet techniques with a playful celestial design. Its rich blue squares, golden stars, crescent moons, and contrasting border create a distinctive handmade piece that can bring warmth and personality to any room.

By following the steps in this tutorial, you can create the square bases, crochet both decorative appliqués, arrange the motifs, join the pieces, and finish the blanket with a coordinated border.

The most important part of achieving a beautiful result is consistency. Take time to check your stitch counts, maintain even tension, and make sure every square is approximately the same size before assembly.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Once completed, your handmade star and moon crochet blanket can become a cozy home accessory, a thoughtful gift, or a treasured project that showcases your crochet skills.

Happy crocheting! 🧶✨
